Details

Description

The K 6.300 with induction motor offers best cleaning results, high-performance features and ease of use. This high-pressure cleaner features large wheels, Quick Connect high-pressure hose, integrated hose reel and on-board practical accessory storage. Cleaning agent regulation and innovative Plug 'n' Clean system - for changing cleaning agents. This top of the range machine is ideal for frequent use - removes all types of dirt also on large areas. Long-life, aluminium three-piston axial-flow pump, corrosion-resistant, maintenance-free and energy efficient. An impact-resistant, recyclable plastic casing prevents dirt particles from damaging the motor and pump. A safety valve prevents pressure overload. A pressure switch control switches the motor on and off when the trigger gun is pressed and released. A large on/off switch and an ergonomically designed trigger gun are further features.

Application

For frequent and powerful cleaning of large areas around the home e.g. moss-covered and very dirty surfaces such as facades, drive-ways, swimming pools as well as cleaning vehicles.

Features & Benefits

Totally enclosed by high-impact plastic cover Protection from dirt and damage, free of corrosion, impact resistant, recyclable Air-cooled asynchronous motor Powerful, tried and tested thousands of times Three piston pump (axial) Matured pump technology, optimum efficiency, maintenance-free Aluminiumpump High life expectancy and good resistance against corrosion Safety valve Protects the unit from pressure exceeding Motor-Stop Machine stops, when gun is closed, relieves high pressure system and motor Large on/off-switch Easy to handle High-pressure hose with protective rubber sleeve Ergonomic gun design Enhance operator comfort, fatigue-free working Mobil function Easy transportation and maximum mobility Integrated high-pressure hose reel Comfortable storage and operation Plug 'n' Clean System for a quick and comfortable change between different detergents within a few seconds; always in combination with a detergent regulation for an individual mixture of detergent and water Accessory storage Storage of accessories at the unit – no need to search for attachments
